A Letter from  
**Mark Mazur,**  
**2023-2024 PLC Chair**

The 2023-2024 election cycle was another pivotal election for our country. There were many challenges we had to overcome as an industry and many opportunities for growth. Supply chain and the workforce shortage continue to be some of our biggest hurdles but, the implementation of record investment made into this Nation's infrastructure has given our industry and NECA contractors a unique opportunity.

NECA's Government Affairs team advocated for us on Capitol Hill and with the administration to make sure our businesses were protected and considered with each piece of legislation and new regulation that came their way. During the 118th Congress, our team advocated for several key legislative initiatives, including the Tax Relief for American Families and Workers Act, which passed the House with strong bipartisan support.

Additionally, NECA pushed for the final passage of the Federal Aviation Administration and Water Resources Act Reauthorization bills to ensure more work opportunities for us contractors. They also strongly endorsed and advocated for the permitting reform package introduced in the Senate by Senators Barrasso and Manchin.

I'm proud to share that NECAPAC continues to be the leading specialty trade construction PAC in the country, investing nearly \$1.8 million in 174 candidates in the U.S. Senate and U.S. House of Representatives. We did this with a 94% win rate, showing our investments were made wisely.

Because of your support, NECAPAC was able to aid in the success of some of our closest allies to ensure our voices are heard and issues are considered in the 119th Congress. For the first time ever, we were even able to get a NECA contractor elected to Congress. This is a huge milestone for our industry and our advocacy efforts.

I want to thank you all for supporting NECAPAC. It has been an honor to serve as your 2021-2024 PLC National Chairman and I look forward to seeing the success that NECAPAC brings to our industry for years to come.

Sincerely,

A handwritten signature in black ink that reads "Mark Mazur". The signature is written in a cursive, flowing style.

Mark Mazur  
2023-2024 PLC Chair

A Letter from  
**Marco Giamberardino,**  
*Senior Vice President,*  
*Government & Public Affairs*

As we close the 2023-2024 election cycle, I am pleased to present NECA's Election Cycle Report, a comprehensive review of the political landscape, key electoral outcomes, and their implications for our industry. This report highlights the significant developments at the federal level, offering insights into legislative and regulatory shifts that will shape the future of electrical contracting and the broader construction industry.

At NECA, we recognize that advocacy is a cornerstone of our mission. Over the past election cycle, our Government & Public Affairs team has worked tirelessly to ensure that the voice of our electrical contractors is heard in Washington, D.C., and across the country. Through strategic engagement, robust political action, and collaborative partnerships, we have successfully positioned NECA and its members at the forefront of policy discussions that impact our businesses and workforce.

This report provides an in-depth analysis of the results of the 2024 election, highlighting races that are most relevant to our industry and examining how shifts in political power may affect issues such as infrastructure investment, workforce development, labor policies, and energy initiatives. Additionally, we reflect on the achievements of NECA's Political Action Committee (NECAPAC) and our advocacy efforts to advance a pro-business, pro-growth agenda for our members.

As we look ahead, NECA remains committed to fostering strong relationships with policymakers, advocating for policies that support our contractors, and ensuring that our industry continues to thrive in an evolving economic and political environment. I encourage you to review this report and engage with us as we continue to champion the interests of electrical contractors nationwide.

Thank you for your dedication to NECAPAC and for your ongoing support of our advocacy efforts. Together, we will continue to build a stronger future for our industry.

Best,

A handwritten signature in black ink, appearing to read "Marco Giamberardino".

Marco Giamberardino  
Senior Vice President, Government & Public Affairs

# NECA's Impact on the 118th Congress

The National Electrical Contractors Association (NECA) is the nationally recognized voice of the electrical construction industry. NECA represents over 4,000 contractors who bring electrical power, lighting, and communications systems to homes, buildings, and communities across the United States. For over 120 years, NECA has worked to advance legislation and regulatory policies that promote its member's opportunities and ability to operate efficiently, profitably and in the best interest of their customers.

**Legislative Wins:** NECA's Government Affairs team was able to achieve significant wins in the 118<sup>th</sup> Congress, including billions in infrastructure funding, progress on permitting reform, groundwork for tax reform, and electing a NECA contractor to Congress.

- Passage of the Federal Aviation Administration (FAA), National Defense Authorization Act (NDAA), Water Resources Development Act (WRDA) reauthorizations with NECA recommendations.
- Tax Relief for American Families and Workers Act, which passed the House with bipartisan support and supported a Senate permitting reform package.

**Largest Legislative Gathering of Industry Professionals:** In May 2024, NECA hosted over 150 contractors and industry professionals from 26 states for the NECA Legislative Conference.

- Key issues like tax reform and permitting were discussed, culminating in 164 Capitol Hill visits and a congressional reception.

**Regulatory Achievements:** NECA achieved significant regulatory successes in 2024, impacting the electrical contracting industry.

- **National Electric Vehicle Infrastructure (NEVI) Rule:** Through NECA's efforts, \$50 million in grants were allocated for EV chargers, promoting sustainable transportation infrastructure across the nation.
- **Registered Apprenticeships:** NECA collaborated with the Department of Labor to advocate for grants that support public-private partnerships. These initiatives are designed to expand, diversify, and strengthen Registered Apprenticeships, providing a skilled workforce for the electrical industry.

**Regulatory Comments:** NECA actively engaged in the regulatory process by submitting comments on several key regulations, including:

- **National Apprenticeship System Enhancements:** Ensuring that apprenticeship programs are effective and aligned with industry needs.
- **Clean Energy for New Federal Buildings and Major Renovations:** Advocating for standards that promote sustainability in federal construction projects.
- **Apprenticeship and Prevailing Wage Bonus under the Inflation Reduction Act (IRA):** Supporting measures that incentivize apprenticeship programs and ensure fair wages.

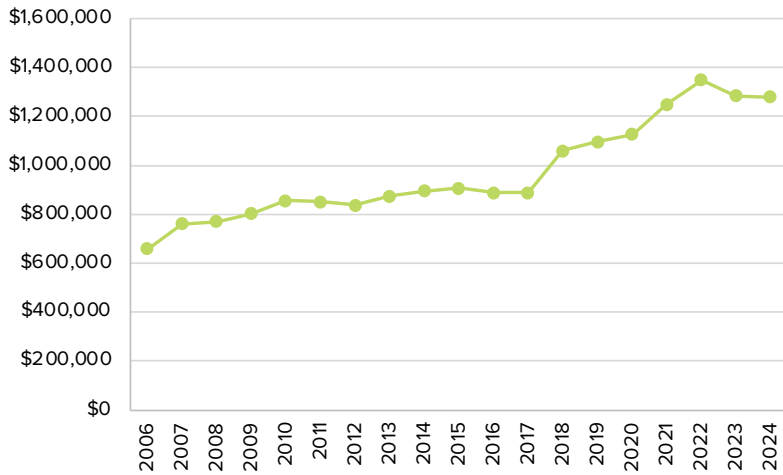

**Looking Ahead to the 119th Congress:** On January 3, 2025, Congress opened a new session amidst a politically charged atmosphere. Republicans hold a narrow majority in the House and a more secure one in the Senate, setting the stage for intense political negotiations and potential power shifts with swing votes.

NECA sent a letter to all 535 Congressional offices urging action on key issues vital to the electrical contracting industry:

- **Secure Prosperity Through Tax Reform:** NECA urges Congress to make permanent the pass-through deduction for S-Corporations, repeal the estate tax, and expand research & development expensing.
- **Invest in Our Nation's Infrastructure:** Congress should continue to invest in our nation's infrastructure by fully funding the Infrastructure Investment and Jobs Act and the CHIPS and Science Act and work to enact a new Highway & Transit Reauthorization bill.
- **Greenlight Growth with Permitting Reform:** The National Environmental Policy Act and Clean Water Act processes take an average of seven years for approval. Congress should enact permitting reform measures to speed up project approvals.
- **Building the Workforce That Powers America:** Congress should back private-sector registered apprenticeship programs for future electricians and oppose any changes to the Davis-Bacon Act or limit the use of project labor agreements.
- **Procurement Reform:** Deliver Faster, Smarter. Small businesses are the backbone of the economy. Congress should improve the change order process and lower federal retainage rates, as these commonsense solutions should have strong bipartisan support.

# NECAPAC At-A-Glance

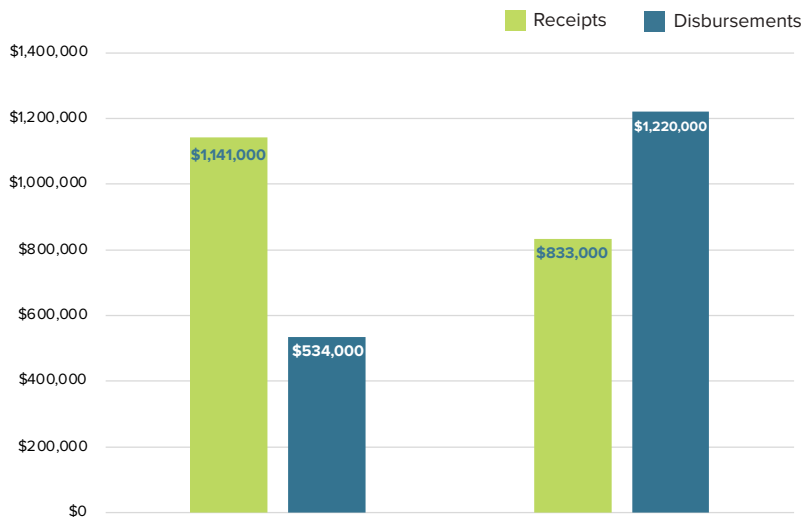

## NECAPAC Progress Over the Years Total Funds Raised by Year

### Criteria for Candidate Support

- NECA chapter or member request
- NECA staff recommendation
- Support of NECA's priority issues
- Key Congressional Committee assignments
- Leadership position in Congress
- Responsive to NECA's meeting requests
- Avoid giving to multiple candidates in the same race

## Receipts and Disbursements

## Electoral Summary

### House

- Involved in 165 Races
- 155 Wins
- 9 Losses
- 94% Win Record

### Senate

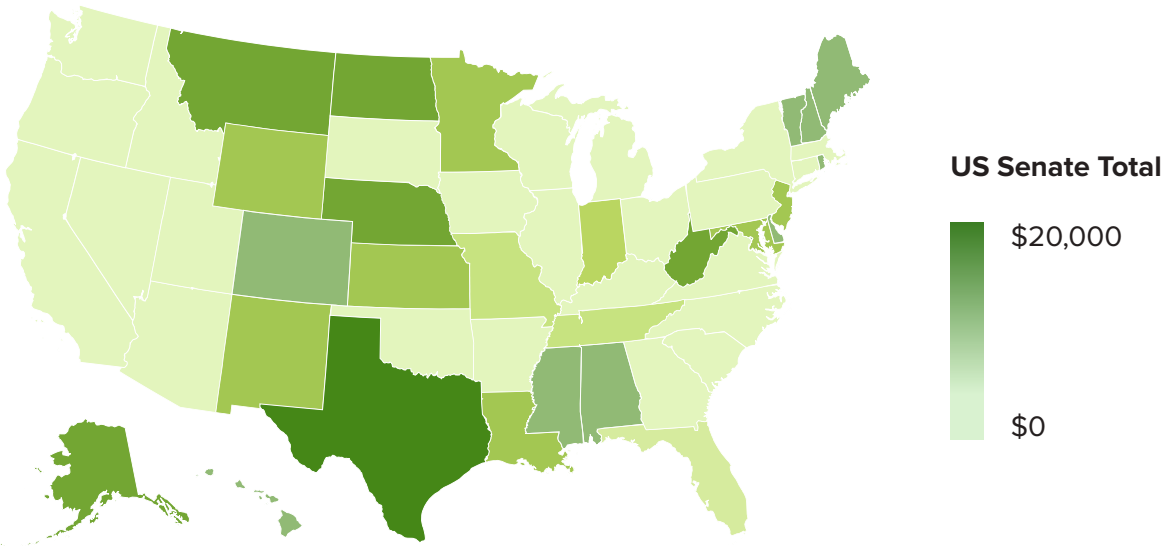

- Involved in 13 Senate Races
- 12 Wins
- 1 Loss
- 92% Win Record

**Overall Win Record: 94%**

Senate Working Group	\$50,000.00	\$50,000.00
National Democratic Club	\$10,000.00	

# Chairman's Challenge

For over 10 years, the NECAPAC Chairman's Challenge has encouraged direct engagement between our contractors and their elected officials.

From writing letters to Members of Congress on issues affecting the electrical construction industry to hosting them at a Training Center or chapter meeting, the Chairman's Challenge had provided our members with an invaluable opportunity to showcase the real-world impact our industry has on the communities we serve.

We're grateful for your participation, appreciate your support in expanding NECA's grassroots capabilities across the country, and look forward to another productive year of meetings with your elected officials!

**2023 Chairman's Challenge Winner:** Northern California Chapter

**2024 Chairman's Challenge Winner:** San Diego Chapter

# Capitol Competition

The Capitol Competition was created in 2021 to encourage chapter support of NECAPAC and maintain our industry's invaluable/critical influence in Washington, D.C.

## How It Works:

- Each NECA Chapter is placed in one of four Chapter Competition Groups based on chapter size and NECAPAC PLC goal.
- Throughout the year, chapters will raise NECAPAC funds and compete against their Chapter Competition Group.
- Winners are recognized online, at Government Affairs meetings throughout the year, and will receive an award at AEI.

## 2023 Winners:

- **Dirksen Group:** North Florida Chapter
- **Russell Group:** Inland Empire Chapter
- **Longworth Group:** Alaska Chapter
- **Rayburn Group:** Puget Sound Chapter

## 2024 Winners:

- **Dirksen Group:** Arkansas Chapter
- **Russell Group:** Inland Empire Chapter
- **Longworth Group:** Alaska Chapter
- **Rayburn Group:** Puget Sound Chapter

Keep track of your Chapter's progress throughout the year by visiting the NECAPAC website.

# Government Affairs Advocate Program

## What is the Government Affairs Operational Fund?

The Government Affairs Operational Fund is used to further solidify NECA's influence on the Hill by funding coalitions, sponsorships for Hill events, constituent action travel, and much more. For more information, please contact Seth Guidry at [seth.guidry@necanet.org](mailto:seth.guidry@necanet.org).

## Who is eligible for this program?

Any NECA Company or Chapter is eligible to join the Government Affairs Advocate Program at any time.

## Join today with a \$15,000 contribution!

A \$15,000 contribution to the Government Affairs Operational Fund will label your company or chapter as a Government Affairs Advocate for the remainder of the year you contribute as well as the following calendar year. Contributions can be personal or corporate and are deductible to the same extent as dues payments to NECA.

## Advantages of being a Government Affairs Advocate Company or Chapter

- **Access to PLC Webinars:** These quarterly webinars detail the latest events on Capitol Hill. During these webinars, contractors have exclusive access to ask questions and be briefed on pertinent policy information.
- **Awards and Recognition:** Advocate companies and Chapters will receive recognition for their involvement as well as an annual award for maintaining NECA's pivotal role in Washington, D.C.
- **Exclusive Trip:** Each Advocate Company and Chapter will have the opportunity to send an employee to Washington, D.C., to learn more about Government Affairs operations.

## 2023 Government Affairs Advocate Program Members:

### Advocate Companies:

- Motor Shop Electrical Construction
- North Kansas City Electric

### Advocate Chapters:

- Cascade Chapter NECA
- Eastern Illinois Chapter NECA
- Los Angeles County Chapter NECA
- Oregon-Columbia Chapter NECA
